

The 11th annual home buyers fair was a tremendous success thanks to our sponsors, supporters, exhibitors and most importantly the more than 200 serious home buyers that made their way to the community center to learn about the home buying process. We also continue to average a minimum of 10 hits per day on this website for people looking for resources. We hope that the fair was beneficial. A special thank you to the organizing committee.

We will continue to maintain this website with valuable information throughout the year. We would love to hear feedback so please click on the feedback link and tell us how we can improve this site to make it more useful for all of you.

If you are interested in promoting your product and/or service, please contact us also so that we can help market your product or service to the serious home buyers that depend on this site.

We will also develop an email list to send out notices to those interested in future events and/or information. Please send this to us (rest assured, we will not sell this list so your address is safe with us).

Finally, please continue to visit the tour of homes. The fair sponsors will continue to feature their homes on this site through September and we will continue to add others throughout the year.

Planning for the 12th annual fair will begin soon. We look forward to seeing you there !
